

Workshop II: Bottom up policy making – empowering the voice of the practitioner

Katrin Zardo

Federal Institute for Occupational Safety and Health

5303:

Bundesanstalt für Arbeitsschutz und Arbeitsmedizin

Your opinion on:

- What the EU did/plans in the field, i.e. the European Pact
- What the EU (or national policy makers) should be doing

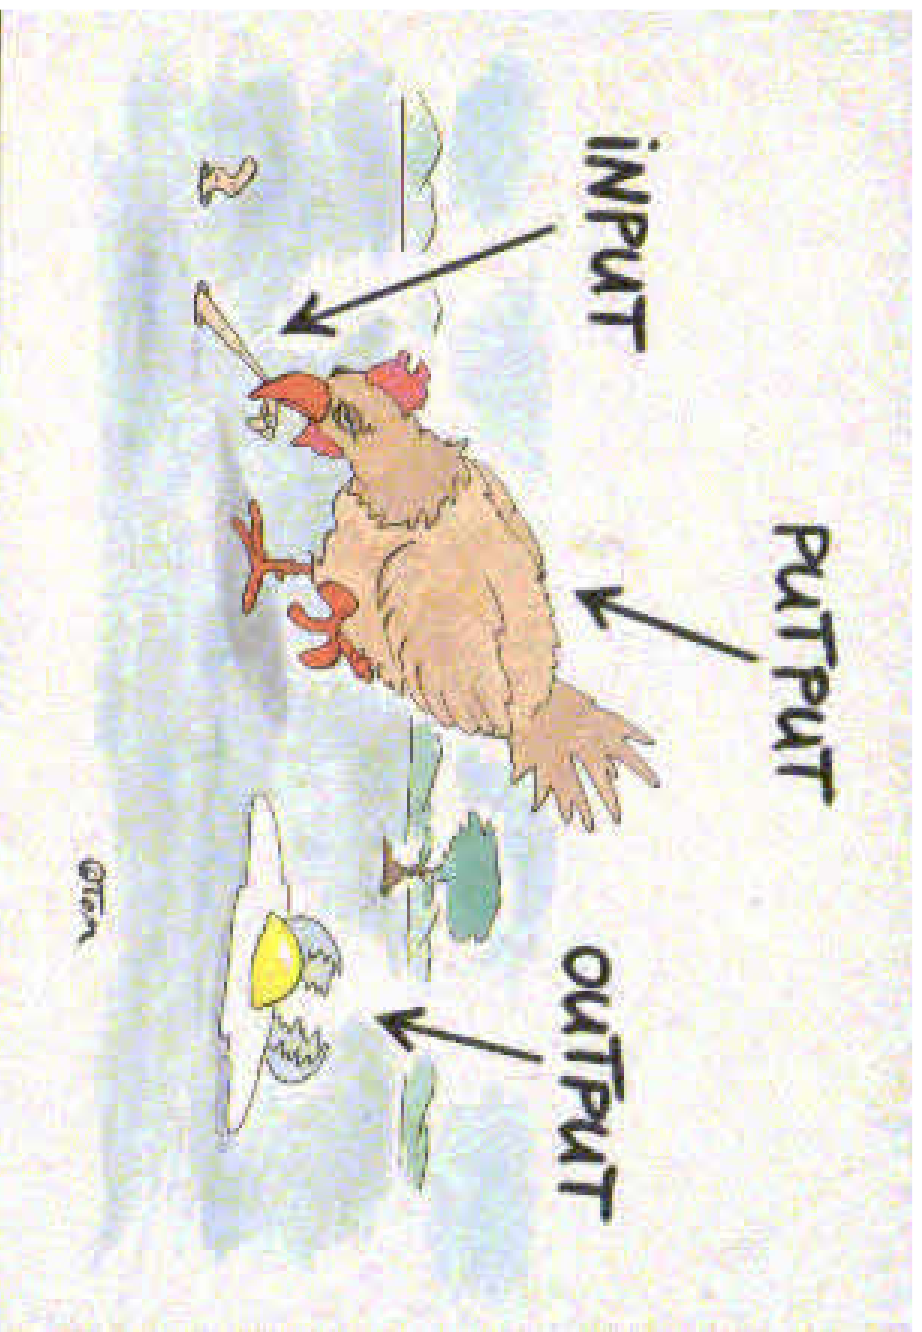

In Detail:

- Clarification: Questions about the European Pact?
- Most important lessons from practice that can be used to influence/that are of interest to policy makers?
- Are those lessons addressed in the European Pact?
- How can the European Pact improve practice at present?
- What should be done to foster MHP at EU-level (national level) in the future?
